

Dear Colleagues,

The Technische Universität Wien (TUW) and its partners are pleased to invite you to the **TechForum Millstatt**.

June 3rd – 7th 2024
Congress Center Millstatt
Marktplatz 14 - 9872 Millstatt / Austria

Academic and industrial partners as well as policy makers will meet the first time in Millstatt to discuss innovation, biomedical engineering, green tech and artificial intelligence topics. In addition to lectures, presentations and discussions, TechForum Millstatt offers various networking events to promote the exchange of ideas, translational research and the practical implementation of current research results and innovations. The TechForum Millstatt aims to strengthen Europe's scientific and industrial competitiveness by providing hands-on workshop on microfluidics and biosensor manufacturing, system integration, biology-material interactions and organ-on-a-chip technologies.

Program highlights

TechTalk with Prof. Josue Sznitman (Technion)
Innovation and Start-up Summit
Public Dialogue on „Artificial Intelligence in Democracy“
